Spring Bluff Parents as Teachers

The Parents as Teachers (PAT) program is a research based early childhood home visiting framework that builds strong communities, thriving families and children who are healthy, safe and ready to learn. PAT helps to establish positive partnerships between home, school, and the community and plays a vital role in supporting families and children from the very beginning toward school readiness. A trained parent educator emphasizes parent-child interaction, development centered parenting and family well-being in their work with families. The PAT program consists of four components: personal visits, group connections, screenings, and resource referrals. Together, these components provide families with children, prenatal to kindergarten entry, a program of support so that children are able to reach their full potential. For more information, please contact our parent educator, Pam Richards at (573) 457-8302 or prichards@springbluffpirates.com

Are your students dressed for the weather?!?

Our weather seems to be changing daily and difficult to keep up with. Please help your child prepare for the unpredictable Missouri weather and make sure they have a coat, hat, and gloves everyday. As long as the wind-chill is 25 degrees or above, students will go outside for recess and enjoy some fresh air.
