Spring Bluff Parents as Teachers

The Parents as Teachers (PAT) program is a research based early childhood home visiting framework that builds strong communities, thriving families and children who are healthy, safe and ready to learn. PAT helps to establish positive partnerships between home, school, and the community and plays a vital role in supporting families and children from the very beginning toward school readiness. A trained parent educator emphasizes parent-child interaction, development centered parenting and family well-being in their work with families. The PAT program consists of four components: personal visits, group connections, screenings, and resource referrals. Together, these components provide families with children, prenatal to kindergarten entry, a program of support so that children are able to reach their full potential. For more information, please contact our parent educator, Pam Richards at (573) 457-8302 or prichards@springbluffpirates.com

Parents, please remember to send a refillable water bottle with your child every day. Only the refillable water bottle stations are available for students to use. Water fountains are still out of service.
