## Counselor's Corner

Mrs. Dugger - School Counselor  
cdugger@springbluffpirates.com

This week **Kindergarten** talked about the importance of helping out at school and at home.

**1st grade** talked about having a growth mindset and finding their "Magical Yet." Students identified one thing they can't do...yet, but can learn how to do in the future. In the coming weeks we will be discussing the importance of having a growth mindset.

**2nd grade** talked about important skills for successful students and set a one week goal to work on and improve a couple of these skills. Students are keeping a daily log of their progress and we will discuss their successes in class next week.

**3rd-5th** grade wrapped up their test taking skills, strategies and tips and are ready to do their best on the test!

**6TH GRADE** STARTED A CONVERSATION ABOUT OUR STRENGTHS AND HOW IT'S IMPORTANT TO CELEBRATE THOSE STRENGTHS.

**7th grade** discussed how our body language can say more than our words can say.

**8th grade** started a discussion on decision making and came up with a decision making model based on all of the factors that go into making a decision.
